Agent Referral Plan

Our Plan for You

Which would you rather do? Pay to market to clients, or have them pay you while they wait to sell their home? I would rather be paid. That's a "no brainer."

Here's how it works. From time-to-time you're going to run into a client who isn't ready to sell just yet. No problem, because you can now say you serve 100% of the real estate marketplace. Whereas you used to just handle buyers and sellers, now you handle buyers, sellers, tenants, landlords, and investors.

When you encounter a client who would rather lease their home while they wait to sell you have the following option. Fill out the attached Agent Referral Database Sheet and send to Glen@mebaleasing.com. We will complete the contracts, present them to your client, and get them signed. In turn, we will pay you \$250 when we rent the property.

Our Pledge to You

We will safeguard your clients for you while they are at My East Bay Agent Leasing. We honor, and will continue to honor, the relationship between you and your client.

We pay thousands of dollars each year for management industry specific software. You will be entered into our software system as the "Site Manager" for your referral client. When they are ready to buy or sell, we will know that the referral came from you, and your client will be delivered right back into your hands for either buying or selling.
